SCHRIEVER RECYCLES: Do's & Don'ts at your shop

When you recycle you not only protect the environment, but you also save funds which would be required for disposal of those materials. Some quick reminders for recycling at SSFB:

- ◆ **DO** place all cardboard, paper, glass bottles, metal cans, aluminum cans and #1-#5 plastics in the single stream recycle containers.
- ◆ **DO** place Styrofoam, trash, and #6-#7 plastics in the refuse container.
- ◆ **DO NOT** place plastic grocery bags or bagged recyclables in the recycle container.
- ◆ **DO NOT** dispose of liquid waste, batteries, bulbs, lamps, or other hazardous materials. Coordinate with CE Environmental for proper disposal.
- ◆ **DO NOT** dispose of aerosol cans or electronic waste (e-waste). Coordinate with CE Environmental for proper disposal.

DID YOU KNOW?

- ⇒ UN-USED & NEW toner cartridges may be re-issued to other units under a new recycling program. If you need cartridges at your unit, have your purchase agent review the list maintained at the 50 CONS GPC cardholder website to see if we have cartridges that fit your printer/copier.
- ⇒ USED toner cartridges will no longer be recycled by CE as of August 2022. Customers may continue to recycle them by sending them back to the manufacturer, using the pre-printed label in the original packaging.
- ⇒ We have a program which recycles unused paint. This prevents having to dispose of these materials as hazardous waste. For further details call CE Environmental at 567-3910.

There's a SPILL, who you gonna call?

A summary of allowable materials under the single stream recycling program are also found in the poster at page 2. For more information contact CE Environmental by calling 567-3944 or emailing 50CES.CEIE.workflow@us.af.mil.

NON-REPORTABLE – A spill that is < 25 gallons of POL (oils), can be cleaned up within 24 hours, and did not release into the environment.

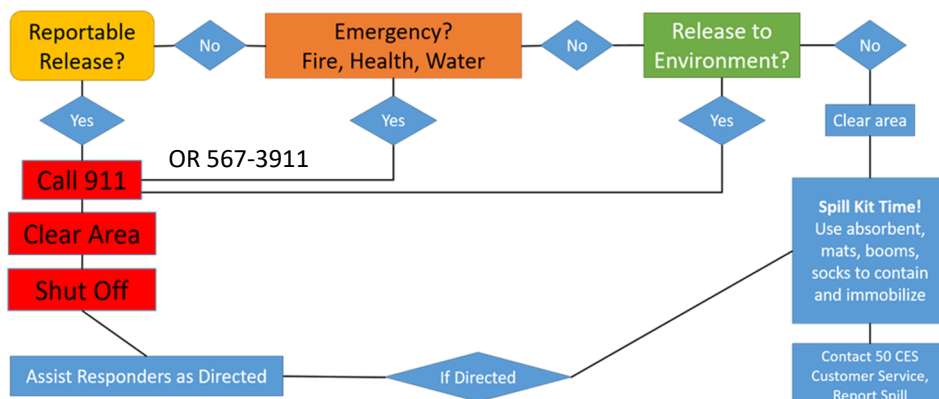

- ✓ Only need to report to CE Environmental for disposal of waste material (may be regulated).

Spill Procedure – Course of Action

REPORTABLE – Spill > 25 gallons of POL or any amount of hazardous material, cannot be or was not cleaned up within 24 hours, impacts the environment or human health, or caused by tank overflow.

- ✓ For a reportable spill, **call 911 or 719-567-3911 immediately.**
- ✓ Report to 50 CES/CEIE.

Contact 50 CES/CEIE Environmental Office at 567-3944 with any questions

RECYCLE RIGHT

ALWAYS RECYCLE / RECICLE SIEMPRE

Plastic Bottles & Containers
Botellas y envases de plástico
